

A Great deal of Nonsense
Has been written and be-
lieved about Blood Purifiers

WHAT

PURIFIES THE BLOOD?

THE KIDNEYS

PURIFY THE BLOOD!

and they alone.

If diseased, however, they cannot, and the blood continually becomes more impure. Every drop of blood in the body goes through the kidneys, the sewers of the system, every three minutes, night and day, while life endures.

WARNER'S SAFE CURE puts the Kidneys in perfect health and nature does the rest.

The heavy dragged out feeling, the bilious attacks, headaches, nervous unrest, fickle appetite, all caused by poisoned blood, will disappear when the Kidneys properly perform their functions.

There is no doubt about this. Thousands have so testified. The theory is right, the cure is right and health follows as a natural sequence.

Be self-convinced through personal proof.

SLIPPED INTO HARBOR.

U. S. Torpedo Boat Outfit Manipulators of the Search Light.

NEWPORT, R. I., May 16.—The torpedo boat Cushing and Siletto successfully stole into the harbor last night without being detected by the torpedo station search light. The incident is regarded here as a remarkable naval feat and much to the credit of Lieutenant E. E. Fletcher in command of the Cushing, and Lieutenant Roy C. Smith in command of the Siletto, inasmuch as the officers of the station were warned and made a special attempt to find the boats.

Admiral Gherardi notified Captain Converse that the boats would try to run in between 9 and 9:30 o'clock on their return from New York. The color of the Cushing had been changed to deceive the station officers, but the Siletto was still dark green. The boats entered the range of the search light a few minutes after the appointed time, but not till it was seen that those at the station were ready for the search. They stole over to the shore of Conanicut island and passed along to Rose island, where they crossed the harbor and came into their anchorage, while the officers with the light were yet looking for them at the entrance to the bay.

The boats for ten minutes were in the clear open channel, but their deep color against the rocky shore beyond caused them to escape detection. They were also finely maneuvered. The Cushing's new color is nearly black. The officers looking for the boats were Commander Converse, Lieutenant Commanders Kennedy and Belknap, Lieutenants Holman and Cacehart.

MOODY'S DAUGHTER.

She is to be Married Today to Arthur Percy Pitt.

NORTHFIELD, Mass., May 16.—A large number of guests have arrived here to attend the marriage of Emma Reynolds Moody, only daughter of Mr. and Mrs. Dwight L. Moody, the world famed evangelist, to Arthur Percy Pitt, formerly of Dublin, but now of this country. The ceremony will be solemnized in the North Congregational church at 5 o'clock this afternoon, and will be followed by a reception at the country home of the bride's parents.

There is a tinge of romance surrounding the nuptials. The groom is a young Dublin university man, of high family, and who graduated with distinguished honors. He became greatly interested in evangelistic work in Ireland, and was induced to come to this country a little more than a year ago as Mr. Moody's private secretary. He did excellent work in Chicago during the World's fair campaign, and also being of great service in other parts of the country. The young couple will make their future home in Chicago.

YANKEE MIDDIES FETED.

Officers of the Chicago to be Given a Banquet at London.

LONDON, May 16.—On all sides the greatest interest is taken in the banquet which is to be tendered on May 24 to the officers of the United States cruiser, Chicago.

Twelve hundred invitations have been issued and three hundred ladies will be admitted to the gallery of St. James hall in which part of the building light refreshments will be served. If Earl Spencer, the first lord of the admiralty, is on the Admiralty cruise, the Earl of Northbrook, or Lord George Hamilton, both of whom are ex-first lords of the admiralty, will be present.

An Unwelcome Guest.

Lewis Frost, one of the large family of Parkdale Frost, was fined \$25 by Police Judge Ensminger today for being drunk and disorderly. He made a disturbance on Sixth street yesterday afternoon. He was drunk and climbed into a wagon that belonged to a farmer from Grantville, and refused to get out. He thought the farmer was an old friend, but the farmer said he never saw him before in his life.

One Dozen Big Steamships.

MANCHESTER, May 16.—The Manchester Steam Navigation company is to place twelve steamships on the Manchester canal, representing a total of 400,000 tons of traffic yearly. The vessels are to be engaged in the trade between Manchester and India, the Mediterranean and America.

RAILWAY EMPLOYEES CLUB

Republican Railroad Organization Holds Its Third Annual Session at Wichita.

The Railway Employees' Club, of Kansas, held its third annual session at Wichita last evening. Officers were elected for the ensuing year as follows: President, L. L. Bigler, of Newton; vice president, W. J. Hulise, of Atchison; second vice president, A. S. McAllister, of Herington; third vice president, T. E. Moore, of Ottawa; secretary, D. C. Naylor, of Topeka; treasurer, Dan Sweeney, of Belleville. The new executive committee consists of J. A. Baxter, of Newton; and Leroy Currier and H. E. Yockey, of Topeka.

Resolutions are addressed to the officials of Kansas railways, and start out with an assurance that the club exists solely to benefit railway employees, to expose all things detrimental to railway traffic and to aid in the election of legislators and state officials friendly to the railroads.

To the wage earners of Kansas the club recites its belief that the present depression is due to the lack of legislation in congress and pledges its members to the undivided support of Hon. J. W. Ady, late United States senator from Kansas.

Another resolution, addressed to the Republican state convention of Kansas, recites that the railway employees of Kansas, numbering 32,000, are entitled to representation in the state executive council, and therefore earnestly plead for the nomination of J. Bruce Lynch, division foreman mechanical department of the Santa Fe, at Chanute, as the treasurer.

RAILWAY TRAINMEN MEET.

Representatives from Thirty-Five Brotherhood Lodges of Kansas at Junction City. A meeting of representatives from the thirty-five Brotherhood of Railway Trainmen lodges of the state is in session in Junction City today.

The brotherhoods of railway trainmen, conductors, engineers and firemen of the United States, have invited members of labor organizations in the United States, Canada and Mexico to send delegates to a national meeting, which meets in New York on May 27 to 29.

The assembly selects a committee whose duty it shall be to wait upon congress and urge the passage of a bill making it compulsory that all differences arising between labor and capital shall be submitted to a board of arbitration. The delegates to represent Kansas are: A. A. Walizer of Atchison, D. O. Bennett of Horton, John McCormick of Arkansas City, and W. S. Jones of Junction City.

GENERAL RAILROAD NOTES.

Railroads and Railroad Notes Along the Kansas Lines.

The Union Pacific pay train will be in Topeka tomorrow with a car load of smiles.

Screens and awnings are being put on the windows at the Rock Island offices. James Garvey of the Wabash offices at Kansas City, visited the Rock Island offices here today.

Santa Fe engine No. 8 went out of the round house today. She will be handled by Engineer Dan Finn and Fireman Harvey Elliott.

Vice President D. B. Robinson's special car No. 219 will leave the Santa Fe shops tomorrow.

General Passenger and Ticket Agent T. J. Anderson of the Rock Island, is in the southern part of the state.

Rock Island excursionists to Colorado under the \$15 rate during June will be treated to a free ride to the top of Pike's Peak.

Foreman A. M. Beard, of the Santa Fe boiler shops, has completed his new office in the corner of the shop, and is very proud of it.

Fred Nelson and Jake Vogle, of the Santa Fe machine shops, have both recently purchased fine new bicycles.

The Santa Fe baseball club, the Capital City, will play two games of ball this week with the Topeka Athletics at Vinewood park. The first game will be called at 5:30 Saturday afternoon and the second will be played Sunday at 3:30.

Miss Mary McCambridge, of 632 Lake street, has returned from a month's visit in Argentina.

The Missouri Pacific continues to handle a large amount of corn out of Topeka for New Orleans and other points in the south. From 15 to 20 cars a day go out, and the agent here has difficulty in getting engines enough on this division to take care of it. And this is all Kansas corn handled by Topeka dealers.

C. A. Orgren, of the Santa Fe blacksmith shop, had his hand badly torn by the premature dropping of a steam hammer this morning, and will not work for a few days in consequence.

The excavating for the Santa Fe hospital goes merrily on with about fifteen teams and twenty-five men. The dirt is being used to fill up holes in yards and side streets.

The material has arrived and work will begin in a day or two on the changes in the Union Pacific depot. The hotel office will be moved away from behind the ticket and telegraph office, and the partition removed to give the office employees more room.

ALL ALONG THE LINE.

Railroad News Items Interesting to Railroaders and the Public.

Judge Hallett of Denver has entered orders that the receivers of the Santa Fe and Midland roads need not respond to garnishee summons, but that all employees must pay 10 per cent a month on judgments against them or suffer dismissal.

The Burlington is hauling the Ringling Bros' circus in the northern part of the state this year. It cost the Missouri Pacific \$2,000 to pay them for a wreck on the Central Branch last year.

Eggs seem to be a staple product on the Central Branch lately. Five cars of eggs from this road were shipped from Atchison this week, one for New York and two each for Pennsylvania and California. One car of poultry was sent to California.

C. M. Foulke, general claim agent of the Santa Fe railroad, has been at Larned the past week taking baths at the mineral well.

Bert Sells of the Missouri Pacific has been promoted to the charge of the day station at Anthony, and G. F. Popkess has taken charge of the station at Larned.

SECRET SOCIETIES.

MASONIC.

Illinois Masonic Orphans' Home—Chicago From the Temple.

The trustees of the home for the orphans of deceased Masons in Illinois have been making improvements and alterations in the interior of the building situated at Carroll avenue and Sheldon street, Chicago. Friends of the home have been generous, and its comforts have been materially increased.

MASONIC ORPHANS' HOME, CHICAGO.

Spacious grounds surround the home, which, with the three story structure, furnishes ample room for the inmates. The home buildings, grounds and furniture are valued at \$50,000, exclusive of recent improvements.

The judicious use of the black ball will help to solve some of the difficulties with which Masonry has to contend. "Good fellows" are not so much needed in Masonic lodges as good Masons.

A member who is abundantly able to pay his dues, but allows himself to become delinquent and is cited to appear and show cause why his dues are not paid, has no reason to complain of the action of his lodge.

There have been many cases of becoming devout Christians through receiving Masonic light, and hard indeed must be the heart that cannot be made better by Masonic teaching.

There are 8 commanderies and 936 Knights Templars in Maryland.

The assessed value of the Masonic temple, Boston, is \$561,000.

UNITED WORKMEN.

Physical Examinations Should Be Thorough—Notes and Gossip.

Local examiners should make examinations of candidates extensive and minute. One of the greatest enemies to fraternal societies is consumption, which is now classed as contagious. Another great danger is intemperance and the many diseases that arise from the abuse of alcoholic stimulants and the irregular lives that intemperate persons lead.

The Fairview neighborhood about five miles northeast of the city is all torn up over the arrest of eight of its young men, including some of the scions of the "oldest families." These young men are said to have been in the habit of attending Sunday school and other public gatherings at the Fairview school house during the past six months and creating more or less disturbance. Other habits of the place grew weary of this and last Sunday the ordinary disturbance developed into a big row. The result was that warrants were sworn out in Justice Marple's court for the arrest of Russell Stock,

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
